- **Chapters**

**Lectures and Presentations**
“Genome Scale Sequencing Approaches to Identifying Mutations Driving the Formation of Cutaneous Lesions” 8/27/2016
   Invited Lecture: WV Dermatological Society Annual Meeting

“Discovery and Clinical Development of a Drug to Treat Double Chins” 4/25/2013
   Featured Lecture: Carilion Research Day 2013

“Whole Exome Sequencing reveals a uniquely large mutational burden in Basal Cell Carcinomas” 3/20/2013
   Late Breaking Research Symposium
   71st Annual Meeting of the Amer. Acad. of Derm.
   Miami, FL

“New Developments in therapy of Skin Disease” 2/2/2013
   Virginia Academy of Family Medicine
   Annual Winter Meeting
   Wintergreen, VA

“The Language of Dermatology” 9/28/2012
   Carilion Clinic Dept. Medicine Grand Rounds
   Roanoke, VA

“Targeted Therapy for Melanoma” 8/14/2010
   Invited Lecture
   Pacific Dermatologic Association
   61st Annual Meeting, Pasadena, CA

“Molecularly Targeted Staging and Therapy of Melanoma” 7/06/2010
   UCLA Dermatology Grand Rounds, Los Angeles, CA

“Molecularly Targeted Staging and Therapy of Melanoma” 5/25/2010
   Harbor-UCLA Dept Medicine Grand Rounds, Torrance, CA

“Neonatal Dermatology” 3/23/2010
   Harbor-UCLA Division of Neonatology, Torrance, CA

“Deoxycholate for Localized Destruction of Fat” 3/2/2010
   Dept. of Dermatology, Mahidol University, Bangkok, Thailand
